WELCOME

Thank you for taking the time to consider **Magic Roundabout Nurseries**.

Magic Roundabout Nurseries began its journey in 1995 in Walthamstow when I was looking to find good quality care and education for my child. Resulting in our ethos – a home away from home, creating the best childcare environment possible.

As parents we understand how important this decision is for you, that's why our dedicated team of staff are trained to offer the maximum level of support for your child - from registration up until your child is ready for school.

At **MRN**, we know that every child is unique: which is why we offer a rich and varied curriculum, that is tailored to suit your child's individual needs. Our nurseries offer this in a secure and stimulating environment, where every child is challenged, encouraged and supported in achieving their full potential.

All of the educational approach and activities have also been formulated to ensure that you, as parents, have every opportunity to be involved in your child's learning. At **MRN** it's not just about the child - just as the company's origins, the key theme in the communities **MRN** strives to achieve, is family.

Throughout this prospectus, you will find more information on exactly what we can offer to you and your child. We encourage you to visit us with your child, and experience **MRN** for yourselves!

Inspire

OUR UNIQUE APPROACH

At MRN, our vision is to create an environment that inspires endless curiosity, for our educators to nurture children's ideas into incredible learning experiences and build confident children who will become inclusion ambassadors and critical thinkers.

We believe the **MRN** learning journey will ignite a life-long passion for discovery and high aspirations for our children.

Our **MRN** curriculum is inspired by the **Reggio Emilia** approach, which sees every child as capable, curious and full of potential. We nurture each child's individuality through **play-based** experiences that encourage creativity, exploration, and a lifelong love of learning. The **EYFS** plays a significant role in shaping our curriculum as it sets out the standards for the learning, development and well-being.

REGGIO EMILIA APPROACH

01

The role of the child:

The child is encouraged to be a researcher & co-constructor of their own learning.

02

The role of the educator:

Active listeners who inspire curiosity by researching & scaffolding new ideas and topics with the children.

03

The role of the environment as a third teacher:

We have created a learning environment allowing children to explore ways of self-expression.

04

Loose parts:

Open-ended resources which aim to develop children's imagination, critical thinking and problem solving skills.

ENVIRONMENT AS A THIRD TEACHER

At **MRN**, we consider the learning environment crucial for nurturing your child's curiosity and understanding of the fascinating world around them. Therefore, our nurseries are thoughtfully designed to promote creative exploration, communication, independence, real-life interactions, and a sense of wonder.

We aim to create a '**HOME AWAY FROM HOME**' feeling. A homely & cosy environment that combines the outdoors with the indoors giving the opportunity to the children to thrive and learn in their own unique way.

WORKING WITH US FOR YOUR CHILD'S FUTURE

Here at **MRN**, we wholeheartedly understand and support the importance of your role in your child's academic and emotional development. This is why we encourage parental involvement throughout your child's time with us, through a variety of different ways.

01 Fun Social Events

02 Child Development Meetings

03 Annual Parents Meetings/
Parent Workshops

04 Newsletters/Family APP

05 Open Door Policy

06 Parent-Led Activities

WORKING WITH US FOR YOUR CHILD'S FUTURE

Good nutrition and healthy eating habits are essential for both mental and physical growth. Our nursery menus are in line with the **'Eat Better Start Better'** guidance and are carefully prepared using only fresh ingredients. Our food also lacks any added salt or sugars and is prepared daily by our experienced Chefs, who will also be able to accommodate any dietary requirements or preferences that your child may have.

Mealtimes at **MRN** are an enjoyable social experience for your child, allowing them the time to interact with their friends whilst learning healthy habits and self-care routines that will benefit them for life.

1. Breakfast

A Selection of Cereals,
Milk, Toast & Creamy
Porridge.

2. Lunch

Mango Chicken and
Rice with Salad.

3. Tea & Dessert

Vegetable Soup with
Brown Bread,
Homemade Carrot
Cake.

OUR EDUCATORS

Our educators act as partners, nurturers and guides, supporting each child's curiosity and exploration through meaningful short and long term projects.

Following the Reggio Emilia philosophy, our educators learn together with the children as true partners in discovery. They are expected to be the ones who guide experiences, open ended discovery, and problem solving. Children and educators are expected to collaborate, but it is their responsibility to identify when a concept can be used to further discovery and learning.

Parental involvement is critical to the creation of a learning community for children. Educators recognize and respect parents as a child's true primary teacher, therefore, parents are invited to play an active role in their child's learning experiences.

EXCITED TO HAVE YOU AT MRN!

We understand that choosing a nursery is a big decision for both you and your child. We're here to help make the transition as smooth as possible, with settling-in sessions, and regular progress updates.
